ACKNOWLEDGEMENT

Education is manifestation of the perfection of man. It's basic purpose is to draw out the inherent divine energy which manifests itself in different forms physical, mental, intellectual and spiritual. Gandhiji had once said, "By education. I mean an allround drawing out of the best in the child and man-body, mind and spirit."

Motivation plays important role to achieve universal access, enrolment, retention and achievement level of the children. It is motivation through which the goal of universalisation of elementary education can be achieved. To know achievement level of the pupils this study has been undertaken.

In completion of this study following people have helped me.

I feel great pleasure in expressing my gratitude to my guide Dr. S.K. Gupta reader in Education, Regional Institute of Education Bhopal for his valuable advice continuous help, inspiring guidance, and encouragement in completion of this study
