ACKNOWLEDGEMENT

The Research endeavour undertaken by the investigator would not have succeeded without the guidance and co-operation of wonderful people I had the good fortune to meet in this sacred shrine of education - The Regional Institute of Education Bhopal.

I would like to extend my heartfelt gratitude to my Guide Dr. N.D. Jain from whom I learned that simplicity of mind and soul is a practicable virtue of strength.

I express my regards to our Principal Dr. S.A. Shaffi from whom I learned that one could be at the top and still be humble and available for the tiniest grass of the Institute and who inspite of Busyness of this institute always had time to enquire about our progress and extend his help.

I acknowledge my sincere regards to our endeared dean of education Dr. I.K. Bansal who taught us that 'there are twenty four hours in a day and not twelve', for his radiant enlightened, exclusive, upto date and yet practical guidance.

I am indebted to Dr. U. Laxminarayan for sharing his extraordinary caliber and precious time in statistically verifying my findings.

I would like to extend my thanks to all the teachers from our department staff at the office and the staff of our wonderful library. I express my sincere thanks to Dr. Swadesh Mohan, Dr. R.K., Saraswat & Dr. Suniti Khare for taking pains to judge the tool developed and for extending their precious suggestions.

I express my thanks to all my colleagues of the college, my friends Mrs. Sadhna Tiwari and Mrs. Amrit S. Singh for their support.

I extend my thanks to staff and students of all the schools where I visited during the research activities.

Finally I thank my family for bearing the inconveniences caused due to my involvement in research.
