Certificate Course in School Library (CCSL)

Course Name	: Certificate Course in School Library
Category of the Course	: Library Science
Semester/ Duration	: 06 Months
Course Transaction	: Blended mode (off line and online)

Introduction

The **National Education Policy – 2020** recommends “For ensuring vibrant libraries in communities and educational institutions, it will be imperative to make available adequate library staff and also devise appropriate career pathways and CPD for them.”

The School library is an important component of School Education System. It is considered as the heart of the school and it's the hub of all the teaching and learning activities of the school. In knowledge based education system – unlike exam oriented education system, the school libraries play a pivotal role. The importance of libraries in the school is completely neglected in country and it is very much evident from the NCF 2005 document that the “School libraries have been a subject of policy recommendations for long time, but a functioning library in the school continues to be a rarity”. Due to this the school children are deprived of good reading facility in the form of effective and functional library. Almost all the schools do have good collection of books but they were badly managed due to non-availability of professionally trained library staff in the schools. This is very much justified and mentioned in NCF 2005, that the “training of teachers in library management and use is required to meet the demands of this situation”.

Further, the Bachelor degree and Post Graduate degree in Library Science offered by the Universities are mainly concentrating their curriculum aiming to prepare the library professionals for the higher education institutions and school library is totally neglected. In India not even a single university or institution is offering any specialized course for the school librarianship. The school librarians are expected to possess certain specific skills and competencies to manage school library and the challenge to provide the library services to young users in the school in the digital age. Modernization of school library using modern

technology is the need of the hour. The present course “Certificate Course in School Library” introduced to attend this issue. The capacity building of teacher librarians/ in-charge librarians working in schools through this course will be very much useful in the changing ICT and web environment.

Objectives of the Course:

- a) To provide Continuing Professional Development (CPD) trainings to school librarians.
- b) To enable the school librarians and strengthen the school libraries in the light of basic ideas established in the NEP-2020.

Methodology:

- This certificate programme will be conducted by using blended approach with online and face-to-face mode.
- The duration of the course will be six months with face to face interventions for 10 days duration, which will include lectures from experts, demonstrations and hands on practice.
- The course material will be offered through Moodle/RIE Bhopal library website.

Participants of the Course and Total Intake:

- Fifty participants (Teachers and In-charge Librarians) from Western region States and Union Territories will be admitted into the course.
- Mode of admission will on the basis of deputation of candidates from the Western Region through concerned SCERTs.
- Requests to be sent from the RIE, Bhopal to Western Region states and UTs for deputation of librarians/in-charge librarians.

Prerequisite and Qualifications :

- Candidates with Bachelor Degree in any discipline.
- Candidates with basic ICT knowledge.
- Candidates left with minimum of 5 years service.
- Zeal to learn the subject

Admission Criteria:

- Deputed Candidates from the Western Region.

Syllabus, Teaching and Examination Scheme

S.N.	Paper Name	Examination Marks		Total Marks
		Theory Examination (Marks)	Practical, Assignment & Viva (Marks)	
1.	Paper I: Fundamentals of School Library	70	30	100
2.	Paper II: Collection Development in School Libraries	70	30	100
3.	Paper III: School Library Organization and Management	70	30	100
4.	Paper IV: School Library Activities and Services	70	30	100
5.	PAPER V: Technologies for a School Library	70	30	100
6.	PAPER VI: Project Report	Report (70)	Viva Voice (30)	100
Total Marks				600

Details of the Syllabus

Paper I: Fundamentals of School Library

- Unit-1: School Library: An Introduction
- Unit-2: NEP 2020 and School Library
- Unit-3: Roles and Function of School Library
- Unit-4: Role, Responsibilities of a School Librarian
- Units-5: School Library Infrastructure: Standards and Practices

विषय: Deputation of School Librarians/In-charge Teachers to the "Certificate Course in School Library"
(blended mode and free of charges)

आदरणीय महोदय,

At the outset, I would like to express my sincere thanks for deputing library in-charge teachers to the "Certificate Course in School Library" in 2024. I hope their participation might have been successful. As per the project reports submitted by them at the end of the course, they had gained adequate knowledge on school library management and implemented it in their respective school libraries. This is a charge-free course running in blended mode on off days without affecting the normal duties of the teachers in school.

School library automation, e-Library and digital resources are among the thrust areas of National Education Policy - 2020 for providing digital learning environment to school students from budding age. To realize the NEP - 2020 recommendation this Institute Library has introduced a six-month "Certificate Course in School Library" for Librarians/In-charge Librarians to provide basic to advance training in School Library management and creation of e-Library for school children. This course is highly useful for automation and modernization of school libraries as well as creation of e-Libraries for school students. The course is planned out to be offered in blended mode (online and physical) possibly on Saturdays and Sundays, except one time 10-day Personal Contact Programme at the end of the programme for practical classes, written examination and Viva-Voce, which the candidate has to attend at RIE, Bhopal in person. Some instructional points have been mentioned in the enclosed document for knowledge of candidates and deputation authorities. The course will start in August 2025 and will be completed in the month of January/February 2026.

Therefore, it is requested to depute 10 Librarians/In-charge teachers from schools of your state to join the course (On-line). For clarification of any doubt regarding the course the programme coordinator Dr. P. K. Tripathy, Dy. Librarian may kindly be contacted.

PRESENTATION AND COURSE REVIEW
MODULE PRESENTATION SAMPLE MATERIALS

PAPER-I

Unit-1: School Library: An Introduction

Lectured by
Dr. P.K. Tripathy

School Library: An Introduction

“Many studies have shown that, when teachers and librarians work together, students achieve higher levels of literacy, reading, learning, problem-solving, and information and communication technology skills.” (IFLA, 2015).

Thus, each school, whether in private or public, need to set up a well-equipped library with a full-time qualified librarian with the mission of providing access to information.

This unit explains the meaning and definition, importance, and role of a school library in education and states its objectives and functions.

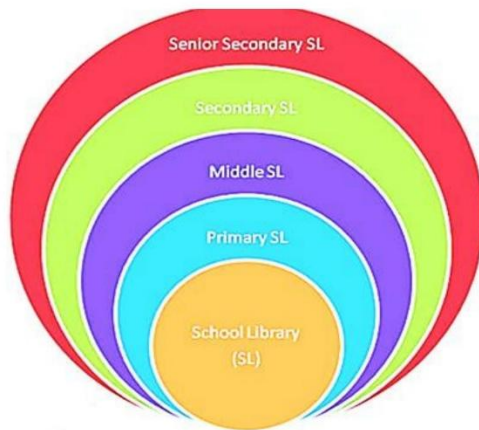

Objectives of a School Library

- ❖ To inculcate the habit of reading among children;
- ❖ To provide documents to supplement teaching and learning;
- ❖ To motivate students towards learning new things;
- ❖ To provide them with comfortable furniture conducive to learning;
- ❖ To provide guidance to them in every sphere of their life;
- ❖ To sensitize them towards social issues of the country so as to shape a civil and altruistic outlook; and other.

Primary School Library

- *The school library should aim to:*
 - foster book mindedness
 - strengthen learning skills
 - create a love for books and other learning resources
 - inculcate the-habit of reading

Types of School Library

Aims of Secondary School Library

- ❖ Inculcate the habit of using the school library, not only with reference to their learning for course requirements but also by learning reading for pleasure, general knowledge and recreation;
- ❖ Development of learning skills for collecting information on any topic by consulting reference books and other material;
- ❖ Provide opportunities to students to visit other academic, special and public libraries to get an idea of the library system in the country, as major resource for learning and use them at later stages of life.

Aims of School Libraries

1. To further the educational objectives of its school;
2. To become a dominant force and sources for educational excellence
3. To act as inspiration for lifelong learning
4. To promote Information Literacy among students

Functions of School Libraries

- ❖ Providing Current Awareness Service;
- ❖ Application of ICT in Library;
- ❖ Bulletin board;
- ❖ New Arrival Corner;
- ❖ Preparing and displaying news clipping and bulletin;
- ❖ Lending services to staff as well as students;
- ❖ Preparing and implementing Library Rules;
- ❖ Initiate Information Literacy Programmes
- ❖ Stock verification;
- ❖ Preparing special programmes and services for vacations;
- ❖ Reference services

Services and Activities of a School Library:

- ❖ Book lending Service
- ❖ Reference service
- ❖ Formation of book club;
- ❖ Quiz competitions;
- ❖ Declamation and debate competitions;
- ❖ Story writing competitions;
- ❖ Vocabulary and word finding games;
- ❖ Library week celebrations;
- ❖ Celebrating all the festivals in the region

PAPER-I

Unit-2: New Education Policy 2020 and NCF

Lectured by
Dr. P.K. Tripathy

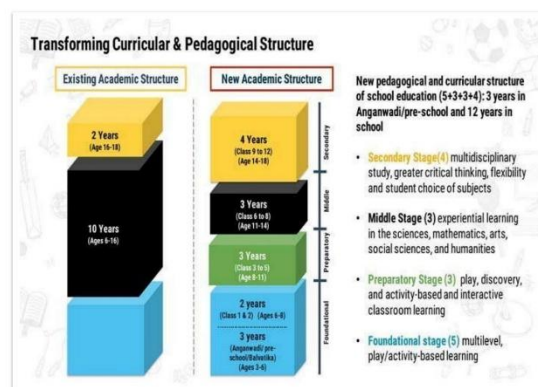

- ❖ Play-way methods to develop skills in time management, communication, etiquettes and manners;
- ❖ Story telling;
- ❖ Spelling Bee/contest;
- ❖ To encourage students to write book reviews;
- ❖ To celebrate special days

NEP 2020

According to the NEP 2020 policy – “Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. Providing universal access to quality education is the key to India’s continued ascent and leadership on the global stage in terms of economic growth, social justice and equality, scientific advancement, national integration, and cultural preservation” (MHRD, 2020).

Types of Reading Material in School Library:

- ❖ Reference books- Dictionaries, Encyclopaedias, etc;
- ❖ Recreational books;
- ❖ Inspirational books like Biographies and autobiographies;
- ❖ Books with illustrations;
- ❖ Adventure and travel books;
- ❖ Classics;
- ❖ Braille and sound books;
- ❖ Audio-visual collection in CD-ROMs and DVDs;
- ❖ E-resources like e-books, e-journals etc.
- ❖ Maps, charts, models, atlases;
- ❖ Popular fiction

NEP-2020 Recommendations and School Libraries

- a) Promoting reading habits
- b) Developing enjoyable and inspirational books
- c) Making the books availability of in school libraries
- d) ICT equipped school libraries in villages
- e) School Pedagogy and Library
- f) Career development plan for library staff

- ★ Libraries can foster parent-child engagement through workshops, interactive sessions, and age-appropriate reading materials, thereby improving the overall development and learning experiences of young children.

Puppet Show in Library

- ★ Libraries can create play-oriented spaces for young children, utilizing educational toys, puzzles, games, and manipulative to promote cognitive, social, and motor skills, encouraging exploration, creativity, and problem-solving.

Children Space in Library

NCFFS (National Curriculum Framework for Foundation Stage)

- ☐ Library activities children in the age group of 3 to 8 years,
- ☐ Books and other materials developed by NCERT - Jaadui Pitara

- ★ Libraries can create sensory experiences for young children, promoting cognitive and emotional development through sensory activities like story time, play areas, and sensory-based learning.

Sensory Story Session

- ★ Libraries can offer early numeracy support to young children through math-related books, puzzles, games, and manipulative activities, fostering a foundation in basic mathematical concepts.

The library and its role in the foundation stages of students are outlined in NCFFS, published in 2022; p.153-154, as follows:

- ★ Libraries can implement early literacy programs for young children, promoting language development, vocabulary building, and pre-reading skills through interactive activities and age-appropriate books and materials.

The National Curriculum Framework for School Education, which was issued in 2023, stated the role of the library in school education (p.555-556) as follows:

A library should be an active space with an attractive display of good books, generating motivation and interest in reading. Teachers and adults can model reading behavior, read-aloud, and plan engagements. Children should have access to good literature and be encouraged to borrow books.

Depending on the space available in the school, three types of libraries can be set up:

- ☐ School Library
- ☐ Classroom Library Corner
- ☐ Community Library

Paper-I

Unit-3: Role and Function of School Library

Lectured by
Dr. P.K. Tripathy

IFLA School Libraries Guidelines, Section 1.4, envisages the role of a school library within a school as follows:

"A teaching and learning center to provide an "active instructional program integrated into curriculum content," (IFLA, 2015, pp. 17-18) with emphasis on:

- Resource-based Capabilities
- Thinking-based Capabilities
- Knowledge-based Capabilities
- Reading and Literacy Capabilities
- Personal and Social Capabilities
- Learning Management Capabilities

Introduction

□ "No school can function without a good library which will be the hub of the intellectual and literary activities of the school and play the same role as a laboratory or workshop plays in a science or technical institution"

(Secondary Education Commission, India, 1952-53,
Appointed by Ministry of Education).

□ *According to IFLA/UNESCO School Library Manifesto*, "the school library provides information and ideas that are fundamental to functioning successfully in today's information and knowledge-based society. The school library equips students with lifelong learning skills and develops the imagination enabling them to live as responsible citizens". The role and responsibilities of the school library are discussed in this unit in order to help it achieve its goals.

Functions of a School Library

The school library is an integral part of the educational program. According to IFLA/UNESCO School Library Manifesto, 1999 (IFLA/UNESCO, 1999), the school library has to accomplish the following functions:

The school's mission and curriculum aim to support educational goals, develop children's enjoyment of reading and library use, and provide opportunities for information creation and use. It also supports students in evaluating and using information, exposing them to diverse ideas and experiences. Programs encourage cultural and social awareness, and the school promotes intellectual freedom and access to information for efficient citizenship. Resources are selected, instructional facilities, and trained staff are employed.

Role of a School Library

School libraries are essential resources for learning and self-improvement. They are not just collections of books but a temple of knowledge, managed by professionally trained personnel. They act as useful aids to study and education, critical for students' achievement. Evidence supports the connection between student achievement and library media specialists, with well-funded, properly-stocked libraries leading to higher achievement, improved literacy, and greater success at the post-secondary level. Today, school libraries must become "school library media centers" with computers to enable meaningful learning with a wide variety of information.

• The Principal and the School Library

The principal should prioritize the use of a strong school library service, collaborate with the library in curriculum planning, and ensure flexible scheduling for teachers and students. They should also involve the school librarian in instruction, curriculum planning, staff development, and student learning assessment. The principal should integrate library evaluation into the overall school evaluation, emphasizing its vital role in achieving educational standards.

• Students and the Library

Student's activities in the library are likely to include the following:

- traditional homework
- project work and problem solving tasks.
- information seeking and information use
- production of portfolios and material to be presented to teacher and classmates

• Cooperation with Parents

Parents' involvement in school activities varies across countries. Libraries can offer opportunities for parent volunteers to help with practical tasks, support staff, and participate in reading promotion programs. They can also participate in literature discussion groups with their children, contributing to master learning outcomes. Additionally, parents can form library friends, providing extra funding for activities and assisting in organizing special cultural events. These groups can help the library meet the needs of their children.

Examples of Reading Activities

Basic and Primary	Secondary and Interactive	Tertiary and Contributive
• Care of books and making of bookmarks • Treasure Hunt in the library • Storytelling and reading out • Simple games like Dumb Charades, Memory Games etc • Display board activity • Reference games	• Book Talks • Journal review • Writing of book reviews • Book Auction • Repair of books and making of book jackets • Book Acrostics • Just- a- minute • Adopt-a-book • Prediction charts	• Books created by the students • Creating bibliographies • Making a map and guide of the library • Reader surveys and reader profiles • Mini-seminar presentations • Reviews on hand • Preparing indexes of useful articles in journals

CONCLUSION

Report PAC 23.61

Certificate Course in School Library 2025-26

Content:

The Regional Institute of Education (RIE) in Bhopal offers a certificate course in Library Science under PAC 23.61 program aimed at equipping participants with essential skills and knowledge in library management and information science. This course covers topics such as library organization, cataloguing, classification systems, digital libraries, and information retrieval. Participants gain practical experience through hands-on training and workshops, preparing them for roles in libraries across various sectors. The program is designed to meet the growing demand for skilled library professionals in both traditional and digital environments.

Major Highlights:

- The Regional Institute of Education (RIE) in Bhopal offers a certificate course in Library Science, with a sanctioned capacity of 50 seats. During the recent session, 12 students opted Absent of the course due to some personal issue, leaving 39 students who completed the program. Among these, **38 students successfully passed the examination**, while 0 students received supplementary results. This course aims to equip students with foundational skills in library management and information science, preparing them for careers in various library settings.
- For all details related to this course please visit our library website link linked to the library website <https://riebhopallibrary.joomla.com>.

Feedback:

This certificate course in school library at RIE Bhopal has been an outstanding success. This course was successfully completed in 6 months. the training has significantly improved library services and fostered a more engaging learning environment in schools.
